RECEIVED

Dr. Harmon C. McAllister, Ph.D.
Research Director
The Council for Tobacco Research - U.S.A., Inc.
900 Third Avenue
New York, NY 10022

August 10, 1989

Dear Dr. McAllister:

I currently study nicotinic acetylcholine receptors on neurons and wish to apply for funding from the Council for Tobacco Research. I understand that there is a preliminary review procedure and would like some guidelines on the content of the preliminary application.

Thank you for your time.

Sincerely yours,

Peter B. Sargent
Associate Professor,
Departments of Stomatology and Physiology
